

This image shows a full page of graph paper designed for writing practice. It features a grid of squares formed by solid vertical lines and dashed horizontal lines. On the right margin, there are five labels indicating cumulative word counts: "100字" (100 characters), "200字" (200 characters), "300字" (300 characters), "400字" (400 characters), and "500字" (500 characters). These labels are positioned next to specific horizontal dashed lines that divide the page into sections corresponding to these word count milestones.
